

The Bliss

Volbeat

Memory, your lamplight is burning holes
Recover the damage, bring it all home
Follow the bliss just like a summer song
Please stay here forever, I'll try to remember
Come home Memory, you gave me another note
A voice that is endless, bring it on home
Oh what it is, feels like a summer song
I'll stay there forever, her face I remember
Presenting a new beginning, forever you and I
And when the morning gets lonely and life is out of sight
Then we'll be leaving together, you and I Happiness, I'm sorry you've been on hold
The doors will be open, bring it all home
Cause what it is, feels like a summer song
I'll stay there forever, now that I remember Presenting a new beginning, forever you and I
And when the morning gets lonely and life is out of sight
Then we'll be leaving together, you and I For all these symbols don't open our eyes
We'll close them instead, leave the messenger behind
But one day we will know
Presenting a new beginning, forever you and I
And when the morning gets lonely and life is out of sight
Then we'll be leaving, then we'll be leaving
Presenting a new beginning, forever you and I
And when the morning gets lonely and life is out of sight
Then we'll be leaving together, you and I
Then we'll be leaving together, you and I
Then we'll be leaving together, you and I
