

Next Level Charli

Charli XCX

I go hard, I go fast
And I never look back
I go speeding on the highway
Burn rubber, no crash
Turn the volume up in the party
Put your hands up and dance
Bump bump, in the rave
Go forever and ever
And bounce, never sleep
Push it all on repeat
I go speeding on the highway
Flame burning, tire
Turn the volume up in your Benz
Put your hands up and scream
Bump bump, lights go out
Go forever and ever
And drop body high
Blue and pink like the sky
I go speeding on the highway
Vroom vrooming, might die
Turn the volume up in your Prius
Windows down and just vibe
Bump bump, in the rave
Go forever and ever
And roll with your friends out till 7AM
Come and meet me on the highway
Smoke blowing, let's race
Turn the volume up on the speakers
Got that look on his face
Bump bump, in the ?
Go forever and ever
