

We Need a War

Fischerspooner

We need a war
We need a war to show'em
We need a war to show'em that we can
We need a war to show'em that we can do it
Whenever we say we need a war...If they mess with us
If we think they might mess with us
If we say they might mess with us
If we think we need a war, we need war
Chorus
We need a war
If we think we need a war
We need a war
If we think we need a warA war to make us feel safe
A war to make'em feel sorry
Whoever they are...If they mess with us
If we think they might mess with us
If we say they might mess with us
If we think we need a war, we need warChorus
Can we do it?
Sure we canWe need a war
We need a war
We need a war
