Thunder

Boys Like Girls

Today is a winding road

That's taking me to places that I didn't want to go, woah

Today in the blink of an eye

I'm holding on to something and I do not know why I triedI tried to read between the lines

I tried to look in your eyes

I want a simple explanation; what Im feeling inside

I gotta find a way out

Maybe there's a way outYour voice was the soundtrack of my summer

Do you know you're unlike any other?

You'll always be my thunder, and I said

Your eyes are the brightest of all the colors

I don't wanna ever love another

You'll always be my thunder

So bring on the rain

And bring on the thunder

Today is a winding road

Tell me where to start and tell me something I don't know

Today I'm on my own

I can't move a muscle and I can't pick up the phone, I don't knowAnd now I'm itching for the tall grass

And longing for the breeze

I need to step outside, just to see if I can breathe

I gotta find a way out

Maybe theres a way outYour voice was the soundtrack of my summer

Do you know you're unlike any other?

You'll always be my thunder, and I said

Your eyes are the brightest of all the colors

I don't wanna ever love another

You'll always be my thunder

So bring on the rain

And bring on the thunder

Yeah I'm walking on a tightrope

I'm wrapped up in vines

I think I'll make it out but you just gotta give me time

Strike me down with lightning

Let me feel you in my veins

I wanna let you know how much I feel your painToday is a winding road That's taking me to places that I didn't want to go, woahYour voice was the soundtrack of my

summer

Do you know you're unlike any other?

You'll always be my thunder, and I said

Your eyes are the brightest of all the colors

I dont wanna ever love another
You'll always be my thunderYour voice was the soundtrack of my summer
Do you know youre unlike any other?
You'll always be my thunder
So bring on the rain
And listen to the thunder
