() x4
Bend that shit over
Then make it clap()
Bend that shit over
Then make it clap
I bust a nut then take a nap
That pussy be fat
Long as her stomach
dick in her tummy
I make her have a stomach ache
Pussy, ass, tits yea I need all that
you you love me on the text
I deleted all that
Ass like J.Lo angel with the halo
Niggas act hard but in the hood
they aint got no say so
Feeling froggy leep, nigga hit your kermi
See you in the hood, you hit the sherman
When niggas whip that dick out bitches get nervous
Treat that pussy like an enemy, bitch I murk it
Bitch, shake that ass bitch, shake that ass
Niggas gettin no pussy wanna rape that ass
Bend over, get naked
I paid for it then I ate it
()
Bend that shit over
Then make it clap()
