

Loving You Is Easy

Sarah McLachlan

Loving you is easy
Loving you is wondrous and pure
I shout it from the rooftops
How long must I wait 'til I see your smile? Might have been the moonlight
Caught up in the sparkle in your eyes
So wicked and I know I should go slow
But it's not in me to wait 'Cause I'm alive and I'm on fire
Shot like a star burst into the sky
Oh, the fury of desire it burns so bright electrifies
You light me up, you take me higher
I've been down a long road
I've become a stranger to myself
Digging in my heels and hoping time
Might be kinder if I wait it out Nothing came from wanting
And I became so small and insecure
Didn't know the cost of all I'd lost
'Til I found it fresh and new again with you And I'm on fire
Shot like a star burst into the sky
Oh, the fury of desire, it burns so bright, electrifies
You light me up, you take me higher
Loving you is easy
Loving you is wondrous and pure
I shout it from the rooftops
How long must I wait till I see your smile?
