

Right Where I Left It

[Cole Swindell](#)

Rust on the water tower
White steeple in the blue sky
Takes more than forty hours To make it to a Friday night State champs '95
Right there on the welcome sign
That little home town of mine Is right where I left it
Since I left it ain't changed at all
I guess sometimes you don't know
What you got till you're gone
Couldn't wait to get out
Had to chase some dreams down
Ain't it funny how I found all I needed
Right where I left it
Yeah, right where I left it
County road, roadside cotton
Sun settin' with the windows down
This feeling, almost forgot it
But it's comin' back to me now Almost lost who I was
That's what this big world does
Turns out everything I love Is right where I left it
Since I left it ain't changed at all
I guess sometimes you don't know
What you got till you're gone
Couldn't wait to get out
Had to chase some dreams down
Ain't it funny how I found all I needed
Right where I left it
Right where I left it
I know now why those two lanes
Run in and out two ways
So they could bring me back some day
Thank God this place is right where I left it Yeah, right where I left it
Since I left it ain't changed at all
I guess sometimes you don't know
What you got till you're gone
Couldn't wait to get out
Had to chase some dreams down
Ain't it funny how I found all I needed
Right where I left it State champs '95
Right there on the welcome sign
Yeah, it's all right where I left it
