

# Goodbye

[Chris Young](#)

Knock on my door, you're on the porch, it's about 11: 30  
That only means one or two things  
Either you're a little bit lonely  
or something ain't right, and judging by that tear in your eye  
You're about to say something crazy, like goodbye  
Stop right there, don't say a word  
Just let me hold you  
Girl we can fix whatever it is  
So whatever you do, don't let us die  
The love of a life time is worth at least a million tries  
Baby what we got is too good for goodbye  
This ain't a game I'm trying to play  
Girl we've got something real here  
You don't just break up whenever it gets tough  
So baby don't you leave here  
I want you to say you're gonna stay  
And we're in this thing forever  
Come whatever  
So stop right there, don't say a word  
Just let me hold you  
Girl we can fix whatever it is  
So whatever you do, don't let us die  
The love of a life time is worth at least a million tries  
Baby what we got is too good for goodbye  
Stop right there, don't say a word  
Just let me hold you  
Girl we can fix whatever it is  
So whatever you do, don't let us die  
The love of a life time is worth at least a million tries  
Baby what we got is too good for goodbye
