

# Made for You

Jake Owen

Water towers are made for hearts and names  
Friday nights are made for football games  
Fallin' leaves are made for fallin' in  
Front porch steps are made for goodnight kissin'  
And I was made for you, yeah I was made for you Summer jobs are made for spendin' cash  
Second dates are made for goin' fast  
Early curfews are made for sneakin' past  
2am was made for pissed off dads  
And I was made for you, yeah I was made for you  
Like a ship without a sea  
Or a song without a melody  
I don't know where I'd be or what I'd do  
'Cause I was made for you Smoky bars are made for "how 'bout a dance?"  
Open roads are made for holdin' hands and  
Laid back seats are made for young love  
Two pink lines are made for growin' up  
And I was made for you, yeah I was made for you  
Like a ship without a sea  
Or a song without a melody  
I don't know where I'd be or what I'd do  
'Cause I was made for you
