

# Freal Luv (feat. Chanyeol & Tinashe)

## Far East Movement & Marshmello

Freal luv  
Freal luv  
Freal luv  
Freal luv Know no limits to feel the truth  
When the world stops spinning  
I'll know it's you  
Searching all night, like a spotlight  
For the one to show  
Could it be you? Could it be me?  
Only way to know Freal luv I'm all yours, when you really wanna take me there  
Don't let me go nowhere  
I'd give it all up for you, I swear  
Only for real love  
That love that keeps me shaking  
So real, there's no mistaking  
I'd give it all up for you, I swear  
Only for real love Lovin that real love, something you feel love  
Turning me back to the old me  
Ride for my realla, I die for my realla  
I give you respect like the OGs  
Lockin' me down like the police  
We ain't never be lonely  
Protectin' my love like a goalie  
You'll be the only one next to me right with the homies  
We got that empire mind  
Combine n' steadily rise (that be freal)  
Moment of truth of has arrived  
Trust that forever you ride (that be freal)  
You be the bank on my side You supervise, let's make a deal  
Let's get it sealed, let's make it trill  
Let's rule the world, together freal  
Freal luv  
(give me that, real luv, that real love, that chill love) Freal luv  
Freal luv  
(give me that, real luv, that real love, that chill love)  
Freal luv I'm all yours, when you really wanna take me there  
Don't let me go nowhere  
I'd give it all up for you, I swear  
Only for real love  
I'm all yours, when you really wanna take me there  
Don't let me go nowhere  
I'd give it all up for you, I swear Only for real love

That love that keeps me shaking  
So real, there's no mistaking  
I'd give it all up for you, I swear  
Only for real love Love is a high, we feelin' alive  
You lovin' the size, ? ??? ?  
I give you more, you feelin' the flow  
You never let none of them bring down the vibe  
Hustle to win, we be livin' in sin  
Makin' us two of a kind

Ain't no haters can step to our grind  
We got that empire mind
