Dreamer

Chris Brown

What do I do Stop, go, fail, succeed Live or die? I just got to believeBelieve, it's worth saving And to get lost, lost in a day dream So why hesitate, take me to another place So far far away, so I can get out of the darkHigh speed like I'm racing Just like lightning sky is blazing But you've lost your way, you've been lead astray Are there better days for my fallen dreamer Calling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer) Calling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer)You don't believe no more (You don't even sleep no more) Dream no more (You don't even dream no more) Dreamer (Dreamer) Why don't you just dream again?Believe in you You got something to prove You're a star, watch you shine bright On your way to the limelight, finish line The sweat and tears You can channel all of your fears Open your eyes, your eyes Indeed it will be alrightCalling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer) Calling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer)You don't believe no more (You don't even sleep no more) Dream no more (You don't even dream no more) Dreamer (Dreamer) Why don't you just dream again? A dreamer, a, a, a, a dreamer A dreamer, a, a, a, a dreamer A dreamer, a, a, a, a dreamerA dreamer, a, a, a, a dreamer

A dreamer, a, a, a, a dreamer A dreamer, a, a, a, a dreamer A dreamer, a, a, a, a dreamerCalling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer) Calling a dreamer (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer) (A dreamer, a, a, a, a dreamer) Dream no more (You don't even sleep no more) Dream no more (You don't even dream no more) Dreamer (Dreamer) Why don't you just dream again?
