

# Whatever She's Got

David Nail

She's a little complicated  
She'll make her mind up just to change it  
The kind of girl that keeps you waitin', waitin' around  
She likes to get her toes done bright red  
She's always reapplying her lipstick  
The muddy river bank she's the first in and last out  
She's got something I can't figure out  
That everybody's talking about  
She's got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sunny one minute then she's pouring down rain.  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop  
And I do but I don't want her to stop  
I want, I want I want whatever she's got  
I want whatever she's got  
Tell your mind before you thought it  
What you thought your plan was park it  
To figure out where your heart is so twisted up  
Have you spending every weekend  
And every penny you've been keeping  
Just to figure out what she's thinking when you're thinking it's love  
Cause she got the blue jeans  
painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sunny one minute then she's pouring down rain.  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop  
And I do, but I don't want her to stop  
I want, I want, I want whatever she's got  
I want whatever she's got  
She's got me hanging on the ledge  
On the edge of a kiss  
All I ever wanna do is this  
She got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
I want, I want, I want, I want, I want  
She got the blue jeans painted on tight  
That everybody wants on a Saturday night  
She got the mood ring, she's never the same  
She's sunny one minute then she's pouring down rain  
And she'll do whatever she wants  
And when she moves every jaw's gonna drop

And I do but I don't want her to stop  
I want, I want, I want  
Whatever she's got  
I want whatever she's got She's a little bit complicated  
That's alright  
Doesn't matter I'll keep on waiting  
For whatever she's got  
For whatever she's got
