

Best One

NxWorries

Never knew a love stronger Best love, yes love
By far
That's my, that's my lady You love me like you know I could be leaving in a moment's notice
You telling me to stay until the morning
You know a nigga homeless
You give me everything inside the showroom
Your old school trophies
You used to work the small forward
Now you working corporate, dipping in a sports whip I hope I never have to cut you off (Best love)
My best one (Yes love)
By far
I love it (That's my, that's my lady)
I think she could be in it for the long run
My niggas said I'm on one
I never knew a love stronger
My heart is a great big boulder
Hey, you fuck me like you know this could be something like your very last moment
I could leave it at the drop of a Fedora
But damn it girl I want you I hope I never have to cut you off (Best love)
You're my best one (Yes love)
By far
Yeah, I love it (That's my, that's my lady) Best love
I love it (Yes love)
By far
That's my, that's my lady
I hope I never have to cut you off (Best love)
I swear to god (Yes love)
By far
I love it (That's my, that's my lady) You with me but you knew I could be... (Best love)
Yes love
By far
Yeah (That's my, that's my lady) You with me but you knew that I could (Best love)
Do it by my lonely (Yes love)
By far
You fix a nigga cheese, grits and cornbread
You know a nigga hungry (That's my, that's my lady) Best love
I swear to god (Yes love)
By far
That's my, that's my lady I swear to god (Best love)
Yes love
By far

That's my, that's my lady She's such a show off (Best love)
She's such a cold one (Yes love)
She know she go so hard yeah (By far)
She's such a star (That's my, that's my lady) She's such a show off (Best love)
