Spoil My Night (feat. Swae Lee)

[Post Malone](#)

[Chorus: Post Malone & Swae Lee]
I don't have much to say, I be out for
Won't you come smoke tonight?
Feelings come into play and I'm thinking this happens every time
Spoil my night, spoil my night
Spoil my night (my night)
Spoil my night, spoil my night[Verse 1: Swae Lee]
My niggas on that natural though
She dancing in a strobe
Cash come and spoil my night (spoil my night)
Spent so much cash, I lost her
My tuck was too toxic
I took her robe off (yeah)
I couldn't get her off
Dropped plenty money on her thighs
There's plenty room in my ride
I never been like a small fight
She took me in, that's on my life
[Chorus: Swae Lee & Post Malone]
Spoil my night, spoil my night
Spoil my night (my night)
Spoil my night, spoil my night
I don't have much to say, I be out for
Won't you come smoke tonight?
Feelings come into play and I'm thinking this happens every time[Verse 2: Post Malone]
When I walk up in a party, they all act like they know me
Then I spotted lil mama, threw the wall at your body
Show her what the paper do, all the fakes, this is phoney
I ain't even see the face, she got beautiful boobs
And you see those diamonds in my teeth
I can see her smilin' back at me
I think she rock with me like Jumanji
It's about time Post made Plan B
Now she whippin' out her phone
And I know, just how many videos she 'gon post
Everybody on the 'Gram gonna know
Like every ho on my line about to blow
I know what I'm doin' ain't right
But ain't no need to spoil my night
No need, no need
[Chorus: Swae Lee & Post Malone]
Spoil my night, spoil my night

Spoil my night (my night)
Spoil my night, spoil my night
I don't have much to say, I be out for
Won't you come smoke tonight?
Feelings come into play and I'm thinking this happens every time[Outro: Swae Lee & Post Malone]
Spoil my night, spoil my night
Spoil my night, spoil my night
Spoil my night, spoil my night
I know what I'm doin' ain't right
But ain't no need to spoil my night
No need, no need
