

# Groove Me

Guy

Groove Me Baby! Do Me! (repeated throughout the entire song) When I get you home tonight  
It is gonna be alright  
Girl, just do it now  
And let's just take it nice and slow  
Hey, girl, I know  
Girl I'm in a romantic mood and sing too  
Won't you groove me?  
Groove Me Tonight (sing along with me)  
Groove Me baby Even if it's only for awhile  
Enjoy this good loving with a smile  
Do it wild tonight  
Having a heart attack tonight  
We'll go wild tonight  
Baby, baby I can be the one that does you right  
And you can Groove Me, baby tonight!  
Groove Me baby  
Don't leave me with your prayers girl Tell me you are on my world  
Girl you know, girl don't let me be baby  
I need your loving  
If only you, my love, can Groove Me baby  
Groove Me baby Groove Me baby  
Tonight tonight right now baby  
That's what I want you to do  
I want you to Groove Me tonight  
Don't say no don't say maybe  
Groove Me baby now! Yeah Hold up! Hold up! It ain't over!  
I thought y'all didn't like the beat?  
It's not over! The party's not over!  
Funky...(repeat over) Hold up! Hold up! It ain't over!  
I thought y'all didn't like the beat?  
It's not over!
