Close To You

Maxi Priest

She was A Jezebel, this Brixton queen

Livin' the life like a back street dream

Tellin' mi lies when the truth was clear

I think she knew what I wanted to hearSpinnin' mi 'round like a wheel on fire

Walkin' on tightrope, my love's high wire

Fatal attraction is where I'm at

There's no escapin' meI just wanna be close to you

And do all the things you want me to

I just wanna be close to you

And show you the way I feelI feel love

When I'm lying in the midnight hour

Holding you just like a dream

Love is never what it seems

When we touch

And you're holding me the way you feel

Girl, you make my dreams come trueYou make my dreams come true

I just wanna be close to you

And do all the things you want me to

I just wanna be close to you (Huh)And show you the way I feel (Huh-huh-huh)

She was a Gemini on the cusp of Mars

She holds mi back or she too far

Windin' mi up just to let her downSo emotional, gagged and bound

There's more to this than meets the eve

A devil woman locked outside

With the full moon rising, I was scared

I think I was possessed

I just wanna be close to you

And do all the things you want me to

I just wanna be close to you (Huh-huh-huh-huh-huh)And show you the way I feel

I feel love

Every time your body's next to mine

Something deep inside of meWants to love you endlessly

When we touch

Girl, you don't know how it makes me feel

I just can't believe it's real

I can't believe it's realI just wanna be close to you

And do all the things you want me to

I just wanna be close to you

And show you the way I feelShe got an attitude, I can't explain

You never know if you're in frame

Tying me up with elastic words

I'm on the countdown till I get heardHer blood was hot, she burned so brightA neon sign there

in the night It's hard to say if I went too far

My heart still bears a scar

I just wanna be close to youI just wanna be close to you (Huh-huh-huh)

(I just wanna be close to you) She was A Jezebel, this Brixton queen

Livin' the life like a back street dream

Tellin' mi lies when the truth was clear

I think she knew what I wanted to hear

(I just wanna be close to you) Spinnin' mi 'round like a wheel on fire

Walkin' on tightrope, my love's high wire

Fatal attraction is where I'm at

There's no escapin' me

I wanna be close to you

And do all the things you want me to

I just wanna be close to you (I just wanna be close to you, baby)

And show you the way I feel

I wanna be close to you (Baby)

And do all the things you want me to

I just wanna be close to you

And show you the way I feel
