

# You, Me and My Guitar

Darius Rucker

Tonight, let's let party people do  
Whatever party people do  
Just wanna be somewhere with you  
Without the crowd  
Tonight, let's go hit our favorite spot  
Let our feet swing off that dock  
This old six string's all I brought  
And that's all we need Make a list of your favorite songs  
I can play and you can sing along  
Don't matter if we get 'em wrong  
Ain't nobody listenin' but the moon  
And all the stars  
Baby, we don't need no bar  
All we need is this old jar  
You and me and my guitar  
I wanna feel  
That sweet, sweet southern breeze  
Blowin' through those live oak trees  
Feel that grass under our feet  
While we're walkin' down  
I can't wait  
To see the smile there on your face  
When I open up that case  
Yeah, tune it up and play  
With the crickets keepin' time Make a list of your favorite songs  
I can play and you can sing along  
Don't matter if we get 'em wrong  
Ain't nobody listenin' but the moon  
And all the stars  
Baby, we don't need no bar  
All we need is this old jar  
You and me and my guitar  
Girl, you know, I love to show you off  
Underneath the lights downtown  
But now and then, I like slippin' off  
Where there ain't nobody around  
But you and me  
Just you and me and my guitar  
And the moon and the stars and you and me, now baby
