## **One Thing**

## **One Direction**

I've tried playing it cool But when I'm looking at you I can't ever be brave 'Cause you make my heart raceShot me out of the sky You're my kryptonite You keep making me weak Yeah, frozen and can't breatheSomething's gotta give now

'Cause I'm dying just to make you see That I need you here with me now 'Cause you've got that one thing

So get out, get out of my head

And fall into my arms instead

I don't, I don't, don't know what it is

But I need that one thing

And you've got that one thing Now I'm climbing the walls

But you don't notice at all

That I'm going out of my mind

All day and all nightSomething's gotta give now

'Cause I'm dying just to know your name

And I need you here with me now

'Cause you've got that one thingSo get out, get out, get out of my head

And fall into my arms instead

I don't, I don't, don't know what it is

But I need that one thing

So get out, get out of my mind

And come on, come into my life

I don't, I don't, don't know what it is

But I need that one thing

And you've got that one thingWoah-oh-oh-oh

Woah-oh-oh-oh

Woah-oh-oh

You've got that one thingGet out, get out, get out of my head And fall into my arms insteadSo get out, get out, get out of my head

And fall into my arms instead

I don't, I don't, don't know what it is

But I need that one thingSo get out, get out, get out of my mind (Out of my mind)

And come on, come into my life

I don't, I don't, don't know what it is

But I need that one thing

Yeah, you've got that one thing
