

Midnight Sky

Miley Cyrus

La-la-la-la-la Yeah, it's been a long night, and the mirror's telling me to go home But it's been a
long time since I felt this good on my own, uh
Lotta years went by with my hands tied up in your ropes
Forever and ever, no more The midnight sky's the road I'm takin'
Head high up in the clouds, oh-oh I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you
Fire in my lungs, can't bite the Devil on the tongue, oh no
Don't need to be loved by you
See my lips on her mouth, everybody's talkin' now, baby
Oh, you know it's true (yeah, yeah)
That I was born to run, I don't belong to anyone, oh no
Don't need to be loved by you (loved by you)
La-la-la-la-la She got her hair pulled back
'Cause the sweat's drippin' off of her face (her face)
Said, It ain't so bad if I wanna make a couple mistakes
You should know right now that I never stayed put in one place
Forever and ever, no more (no more) The midnight sky's the road I'm takin'
Head high up in the clouds, oh-oh I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you (by you)
Fire in my lungs, can't bite the Devil on the tongue, oh no (oh no)
Don't need to be loved by you
See my lips on her mouth, everybody's talkin' now, baby
Oh, you know it's true, yeah
That I was born to run, I don't belong to anyone, oh no
Don't need to be loved by you (by you)
I don't hide, blurry eyes like you
Like you I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you
Fire in my lungs, can't bite the Devil on my tongue, oh no
Don't need to be loved by you
See his hands 'round my waist, thought you never be replaced, baby
Oh, you know it's true, yeah
That I was born to run, I don't belong to anyone, oh no
Don't need to be loved by you (yeah) La-la-la-la-la
La-la You know it's true, you know it's true
Loved by you
