

Running

Arlissa

When I close my eyes
You're the centre of the world
You're all alone and I got nothin' on
But everybody's looking for the things I said
When it all
When it all
When it all went bad Said I wouldn't come tonight
'Cause don't even know your friends
Couldn't even change my mind
I got no money left
Used every excuse I had
'Cause I don't wanna know
Don't know I'd let you go
So I keep running away
But every wave just brings me back to you
I know you want me to stay
'Cause you said "I dare you, I dare you"
So I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running, running, running No, I tried my best so I could move on
But I left my keys so I can't go home
And we're swimming by the fire
And you feel so warm
Why did I have to go
And pick up my phone?
Said I wouldn't come tonight
'Cause don't even know your friends
Couldn't even change my mind
I got no money left
Used every excuse I had
'Cause I don't wanna know
Don't know I'd let you go
I keep running away
But every wave just brings me back to you I don't know what else to say
It only happens when I have a few
And I move back to your place
And I forget just how much I wanted you I know you want me to stay
'Cause you said "I dare you, I dare you"

So I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running, running, running I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running
I keep running, running away
I keep running, running, running, running
