

# That Girl

Jennifer Nettles

A friend gave me your number  
To tell you watch your lover's tracks  
See I always kind of liked you  
So, I wanna have your back  
There is a good chance by the time you hear this  
The story's gonna say  
That I came on to him  
But it was never quite that way I knew he was good looking  
Maybe too good to be true  
But when he kissed me in that alley  
I could tell there was a you  
I don't want to be that girl  
With your guy  
To fool you  
Make you cry  
Wreck it all  
For one night  
To be with him when he should be with you  
I don't want all the dirty looks  
The headlines  
So, I called you  
To explain why  
I wound up  
With your guy  
When I don't wanna be that girl  
I know boys can be promiscuous  
Yeah, that's just what they do  
But this involves the both of us  
Yeah, it's our business too  
So, I thought I'd call to tell you  
It was never in my plan  
I'm not the scarlet Devil  
I don't want to take your man Imagine how surprised I was  
When he got up to leave  
It wasn't my name on his lips  
No, he didn't call for me  
He didn't say, Jolene I don't want to be that girl  
With your guy  
To fool you  
Make you cry  
Wreck it all  
For one night

To be with him when he should be with you  
I don't want all the dirty looks  
The headlines  
So, I called you  
To explain why  
I wound up  
With your guy  
When I don't wanna be that girl We all know how the moral of the story goes  
Be careful what you reap because you reap what you sow  
I'm calling 'cause I really thought you should know  
Even though he's being that guy I don't want to be that girl  
With your guy  
To fool you  
Make you cry  
Wreck it all  
For one night  
To be with him when he should be with you  
I don't want all the dirty looks  
The headlines  
So, I called you  
To explain why  
I wound up  
With your guy  
When I don't wanna be that girl
