

Songs About Me

Trace Adkins

I met a guy on the red eye
He spotted my guitar
and said what do you do?
I said, I sing for a living,
Country music mixed with
a little rock and a little blues
He said I'm sorry
but I've never been crazy
'bout that twang and trains and hillbilly thing
What ever made you want to sing stuff like that?
I just looked at him and laughed and said
cause it's songs about me
and who I am
songs about loving and living
and good hearted women and family and God
yeah they're all just
songs about me
songs about me So I offered him tickets
I said you'll see what I mean
if you show up tonight
he said I doubt you'll change my opinion
I'll be kind of busy, but hey man, I'll try Then later on when we finished our songs
about scars and cars and broken hearts
I saw him, he was standing there
right next to the stage
and he shouted
man you were right
it was like you sang those
songs about me
and who I am
songs about loving and living
and good hearted women and family and God
yeah they're all just
songs about me
songs about me So I'll just keep on singing
'til I hear the whole world singing those songs about me
and who I am
songs about loving and living
and good hearted women and family and God
yeah they're all just
songs about me

songs about me
