Won't Go Home Without You

Maroon 5

I asked her to stay But she wouldn't listen She left before I had the chance to say, oh The words that will mend the things that were broken And now it's far too late, she's gone awayEvery night you cry yourself to sleep thinking "why does this happen to me?" "Why does every moment have to be so hard?" Hard to believe itIt's not over, tonight Just give me one more chance to make it right I may not make it through the night I won't go home without you The taste of her breath, I'll never get over The noises that she made kept me awake, ohh The weight of the things that remain unspoken Built up so much, it crushed us every day Every night you cry yourself to sleep thinking "why does this happen to me?""Why does every moment have to be so hard?" Hard to believe it It's not over, tonight Just give me one more chance to make it right may not make it through the night I won't go home without you ooohh... It's not over tonightJust give me one more chance to make it right I may not make it through the night I won't go home without you ooohh... Of all the things I've felt I've never really showed Perhaps the worst is that I never let you go I should not ever let you goIt's not over tonight Just give me one more chance to make it right I may not make it through the night I won't go home without you ooohh... It's not over tonight Just give me one more chance to make it right I may not make it through the night I won't go home without you And I won't go home without you And I won't go home without you And I won't go home without you
