

Young Again (feat. Chris Jones)

Hardwell

When I was a boy
I dreamed of a place in the sky
Playing in the fields
Battling with my shields bows made out of twine
I wish I could see this world again
Through those eyes see the child in me
In my fantasy never growing old Will we ever feel young again
Will we ever feel young again
Will we ever feel young again
We want to feel young
We want to feel young again
When I was a boy
I searched for a world that's unknown
All we have is fun
Everybody runs
Until the sun goes down
I wish I could see this world again
Through those eyes see the child in me
In my fantasy never growing old
Will we ever feel young again
Will we ever feel young again
Will we ever feel young again
We want to feel young
We want to feel young again
