## I Don't Want To Do Anything (feat. K-Ci Hailey)

## Mary J. Blige

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything elseListen babyEvery night and day

I dream of another way to tell you something good

I don't think that I'm understood

You walk away and I frown

With my head hung far down

You tell me what is wrong

You just wanna be loved all night long baby

If loving you is all that I have to do

I don't want to do anything else

If loving you is all that I have to do

I don't want to do anything elseYou told me a thousand times

That you would be mine, all mine

I do everything for you

But in your smile, I still can't find

And now you tell me this

This is something that I can miss

And all you wanna do is to love me for me

And I'll love you for youIf loving you is all that I have to do

I don't want to do anything else

If loving you is all that I have to do

I don't want to do anything else

Now that I know I'm gonna make love to you

So lady open up your heart

And let me in where I belongIf loving you is all that I have to do

Then it won't be wrong baby

Cause we belong together babyTogether we will be as one

Just me and you, you you youWill you love me

I will love you

Will you please me

I will please you

Girl, don't leave me

I won't leave you

Let's make it easy

I'll make it easyWill you love me

I will love you

Will you please me

I will please you, you, you Girl, don't leave me I won't leave you

Let's make it easyThey can take my posessions

No, no, no, no, They can never take your love away from meOh, see now listen, with every breath I breath

And every beat in my heart I know that no one, I know that no one

Can tear us apart

(Oh no)

Cause I love you baby

I love you too

And I need you baby

I need you to babyStay with me more than just a day And you know, you know, you knowI love you

Oh yes

Oh you make me feel so good baby
