

Enchanted

Delerium

Prowling in the night
Hiding 'neath my fright
Manipulate my sight
Thief Whenever you steal
My punishment's real
You gave me sorrow Invading my own value
Parading my shy security
While gripping my innocence
Thief
Whenever you steal
My punishment's real
You gave me sorrow
Sorrow, sorrow, sorrow Whenever you steal
My punishment's real
You gave me sorrow Whenever you steal
My punishment's real
You gave me sorrow
Whenever you steal
My punishment's real
You gave me sorrow Whenever you steal
My punishment's real
You gave me sorrow
