

God's Gotta Be a Good Ole Boy

[Chris Janson](#)

See a fence line cutting through a hill side
Gold shining on an orange boat or digging down in it
6:50 AM, jacking it up, Jack in a cup
Roof, forty, pour Coke, no doubt I know God's gotta be a good ole boy
God's gotta be a good ole boy
He put the bucks in the woods, put the bass in the water
Put the red neck in the ole blue collar
Slow you down honey, corporated towns
Aw good Lordy look around
God's gotta be a good ole boy
Ever see a blacktop run out of blacktop?
Or a pair of Wranglers in a Wrangler with the top off?
Topping it off
At the Shell, kissing until the thing is filled
Lay a blanket in a field, bet you wake up thinking girl (Thinking girl) God's gotta be a good ole boy
God's gotta be a good ole boy
He put the bucks in the woods, put the bass in the water
Put the red neck in the ole blue collar
Slow you down honey, corporated towns
Aw good Lordy look around
God's gotta be a good ole boy Y'all just look around
Yeah, where he's shinning down
'Cause God's gotta be a good ole boy
He put the bucks in the woods, put the bass in the water
Put the red neck in the ole blue collar
Slow you down honey, corporated towns
Aw good Lordy look around
God's gotta be a good ole boy
Yeah, God's gotta be a good ole boy
Yes he does
