

# Hold You To It

Chris Young

Baby, do you feel that bass line pumpin'  
Tell me, can you hear that kick drum thumpin' on the 2 and 4  
Let's get on that floor  
Love to hear the slide of the guitar ringin'  
Melody's sayin' everything I'm thinking  
And I'm startin' to think you think it too  
I Love the way you're movin'  
Feel the backbeat groovin'  
I'm gonna hold you to it Damn, when you start to sway your hips  
I start thinkin' about your lips  
On mine and mine on them  
And I love dancin' with you so much  
I ask the DJ to turn it up  
And keep playin' that song again and again  
Yeah, I wanna hold you to it
