If you gang, gang, gang, that's what's up with me  
Freebandz  
Fire MarshallDrove it too long, time to swap it out  
We got papers, flip my stones, it ain't no clouds  
Snatch a brand new Range Rover with the captain seats  
And I keep a MAC on me like I'm Master P  
Captain seats in my Maybach, in my Range Rover  
Then I flip, flip, flip, flip, game over (game over)  
Captain seats in the Maybach, in the Range Rover  
Then I flip, flip, flip, flip, game over (game over)  
2017 with the captains (flip)  
The price too high, you must be cappin' (flip)  
All these Franklins got me trappin' (flip, flip)  
Sippin' on Screw, I'm very active (flip, flip)  
A half a milli, got matted  
Your main bitch got battled  
Got a clear view, no static  
Got some VVS on my fabrics  
Chanel drapes one of one  
I pay the rates to the Lord  
Bitch nigga, I'm a boss  
Had the mayor with me, I'm a star  
Drove it too long, time to swap it out  
We got papers, flip my stones, it ain't no clouds  
Snatch a brand new Range Rover with the captain seats  
And I keep a MAC on me like I'm Master P

Then I flip, flip, flip, flip, game over (game over)  
Captain seats in the Maybach, in the Range Rover  
Then I flip, flip, flip, flip, game over (game over)I'm gone past the moon, what you tellin' me?  
That nigga's a goon, what you tellin' me?  
The bitch in the room, what you tellin' me?  
I'm hotter than the sun, what you tellin' me?  
These niggas my sons, what you tellin' me?  
They eat up my crumbs, what you tellin' me?  
Your brother a bum, what you tellin' me?  
Straight out the slums, what you tellin' me?  
I came out the mud, I'm stashin' the drugs  
Gotta bring out the tub of Ace  
I was never in love with the Wraith  
Got a new Panorama on the way  
Went to Pluto, beyond with my cape

Can't run when the drum in your face  
 I'm the mothafuckin' don, why you hatin'?  
 Drove it too long, time to swap it out  
 We got papers, flip my stones, it ain't no clouds  
 Snatch a brand new Range Rover with the captain seats
