10% (feat. Kali Uchis)

KAYTRANADA

You keep on takin' from me

But where's my ten percent?

You keep on takin' from meI wonder where you went

You keep on takin' from me

But where's my ten percent?

You keep on takin' from meWhy you tryna lie for them?

Pretending who you are

But baby, why even pretend?

You're trying way too hard

Ego is not your friend

I only speak the truth

No, I'm not trying to offend

Why you tryna lie for them?

I wake up, it's so good to be me

In the mirror, it's good to see me

I don't check for these other bitches

You can ask God 'cause that's my witness

You just don't have a clue who to be

Look in your eyes, I see the envy

I don't check for these other bitches

You can ask God 'cause that's my witnessWhy you tryna lie for them?

Pretending who you are

But baby, why even pretend?

You're trying way too hard

Ego is not your friend

I only speak the truth

No, I'm not trying to offend

Why you tryna lie for them?

You keep on takin' from me

But where's my ten percent?

You keep on takin' from me

I wonder where you went

You keep on takin' from me

But where's my ten percent?

But where s my ten percent.

You keep on takin' from meI'm a psycho

All the animal

Run my money to me

Don't act like you didn't know

You've been watered down, baby

I gotta keep it pure

Where's my residuals? You keep on takin' from me

But where's my ten percent?

You keep on takin' from me
I wonder where you went
You keep on takin' from me
But where's my ten percent?
You keep on takin' from meWhy you tryna lie for them?
Pretending who you are
But baby, why even pretend?
You're trying way too hard
Ego is not your friend
I only speak the truth
No, I'm not trying to offend
Why you tryna lie for them?
