

# Greenlights

## Krewella

Sometimes, when I step into the ring  
I feel I'm just a sheep, but right now I'm a wolf  
I'm headed to the top, never stop On another level, baby, give me one last look  
'Cause I been  
I've been stuck in circles in my mind  
These circles I might live and die in  
'Cause I been  
I been waiting, silent, for a sign  
And all this time I'm realizing Ready, I'm ready, I'm rah  
Ready, I'm ready, I'm rah  
I-I-I see nothing but greenlights  
Ready, I'm ready, I'm rah  
Ready, I'm ready, I'm rah  
I-I-I see nothing but greenlights  
I-I-I see nothing but greenlights  
I-I-I see nothing but greenlights When I'm down to zero, faith has gone way low  
Tap into that God mode and let all the fear go  
I walk like a pharaoh, run with the werewolves  
Fly like a sparrow, up with the angels  
And I might be running outta, running outta time  
Gotta level up my body and my mind  
When I'm past the point of done, I come alive (yeah) Ready, I'm ready, I'm rah  
Ready, I'm ready, I'm rah  
I-I-I see nothing but greenlights  
Ready, I'm ready, I'm rah  
Ready, I'm ready, I'm rah  
I-I-I see nothing but greenlights  
I-I-I see nothing but greenlights  
I-I-I see nothing but greenlights  
I-I-I see nothing but greenlights  
(Oh, nothing but greenlights)
