

# Looks Like Sex

Mike Posner

Alright,  
Forget them other boys baby  
Forget them other guys  
Yeah I see a nose ring  
Might as well be a bull's eye  
I used to pull girls like you, nope!  
Now I know nine  
You ain't a mixtape chick baby  
Had to sell a million for your tights  
Say ayo  
Can you hear me? Uh, can you hear me?  
One more time, ayo  
Can you hear me?  
I can make it  
I can make it rain, make this all go right  
You just give me the dream  
Make it a deal alright That a- makes me wanna oooh  
You know exactly what you do  
How I'd really like to take that home  
Everybody here knows She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like...  
Liking what I see girl  
Trying not to let it show  
Lemme see your brains up  
You gotta let them know  
I don't mean to be rude but  
Baby I can break you off  
You can sleep with the minute man  
But I'm all night long Say ayo  
Can you hear me? Uh, can you hear me?  
One more time, ayo  
Can you hear me?  
I can make it  
I can make it rain, make this all go right  
You just give me the dream  
Make it a deal alright That a- makes me wanna oooh  
You know exactly what you do  
How I'd really like to take that home  
Everybody here knows She looks like sex, sex, sex, sex

She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like...That a- makes me wanna oooh  
You know exactly what you do  
How I'd really like to take that home  
Everybody here knowsShe looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like sex, sex, sex, sex  
She looks like...
