## **On Dancefloors**

## Metronomy

Hearing, Is getting me down Is getting me down to the disco floorHearing, is wearing me down It's wearing down from my earsAll those evenings, spent disappointed on dancefloors ?, and learn one dayI want to get more from this I want to get more from this I want to get more from this I want to get more from this, than youSometimes i'll put up with it, alright. But i can't even dance the way i might were it just me and you tonight I want to get more from this I want to get more from this
