When Can I See You

Babyface

When can my heart beat again? When does the pain ever end? When do the tears stop from running over When does, "You'll get over it" begin? I hear what you're saying But I swear that it's not making sense So when can I see youWhen can I see you again? When can my heart beat again? When can I see you again? When can I breathe once again? And when can I see you? When does my someday begin? When I'll find someone again And what if I still am not truly over What am I supposed to do then, babe? Do you see what I'm saying Even if, if it's not making sense? So when can I see you? When can I see you again? When can my heart beat again? When can I see you again? And when can I breathe once again? And when can I see you again? Yeah, baby Do you see what I'm saying Even if, if it's not making sense, baby? So when can I see you again? When can I see you again? Can my heart beat again, baby? When can I see you again? And when can I breathe once again? And when can I see, babe, again? Wanna see you again Again
