

# Do You Know Me

**John Mayer**

It's just the strangest thing  
I've seen your face somewhere  
An early evening dream  
A past-life love affair Do you know me at all?  
Do you know me at all? In all my revelry  
I thought I felt us there  
A feather in my hand  
A flower in your hair  
Do you know me at all?  
Do you know me at all?  
Do you know me at all?  
Do you know me at all?
