Miles

Christina Perri

I'm scared today More than I told you I was yesterday Give me a moment to catch my breath And hold me every second leftProud of me That's the only way I want you to be Look at me and love What you seeI won't make it alone I need something to holdKiss me on my shoulder Tell me it's not over I promised to always come Home to you Remind me that I'm older To be brave smart, sweet and bolder And don't give up On what we're trying to doDon't count the miles Count the 'I love you's'We made it out And all the other people are asking how This doesn't even sound like truth To grow from a bruiseBut one day we will realize How hard it was, how hard we tried And how our hearts made it out aliveKiss me on my shoulder Tell me it's not over I promise to always come Home to you Remind me that I'm older To be brave, smart, sweet and bolder And don't give up On what we're trying to doDon't count the miles Count the 'I love you's'And these are words I wish you'd said But that's not how it went 'Cause you gave up on us in the endAnd I won't make it alone I need something to holdKiss me on my shoulder Tell me it's not over I promise to always come Home to youRemind me that I'm older To be brave, smart, sweet and bolder And don't give up On what we're trying to do Kiss me on my shoulder Tell me it's not over I promise to come Home to you

Remind me that I'm older To be brave, smart, sweet and bolder And don't give up On what we're trying to do Don't count the miles Count the 'I love you's'
