

# Juliet & Romeo

Martin Solveig & Roy Woods

World's moving so slow  
Got my hand out the window  
Lose track of time and memory  
Losing my mind in the palm trees  
Got me believing you're so shy  
You catch me looking and you hide your eyes  
Leaving behind the reality  
We can let go of the formalities  
You know we should be dancing  
Tell me that you wanna go, dancing  
You and me in stereo, dancing  
Intoxicated, this is how we wanna be  
You and I, we gotta keep dancing  
Oh yeah, sweating in the afterglow, dancing  
Juliet and Romeo, dancing  
Intoxicated, this is how we wanna be  
Girl, stop hiding  
Girl, stop hiding  
World's moving so slow  
Got my hand out the window  
Lose track of time and memory  
Losing my mind in the palm trees  
You know we should be dancing  
Tell me that you wanna go, dancing  
You and me in stereo, dancing  
Intoxicated, this is how we wanna be  
You and I, we gotta keep dancing  
Oh yeah, sweating in the afterglow, dancing  
Juliet and Romeo, dancing  
Intoxicated, this is how we wanna be  
Girl, stop hiding  
Baby, you know we should be dancing  
Dancing  
Dancing  
Intoxicated, this is how we wanna be  
Girl, stop hiding
