

# On Top of Me

Tyrese

This is for all my love makers  
sit back and relax  
And let me take you there It's three o'clock in the morning  
There's only one thing to do  
Girl your body's crazy, laying next to mine  
i tried my best to keep my cool  
but the temperature's steady rising  
Cause i'm all alone with you  
And your sexy ways, are so inviting  
Damn I wanna give it to you Baby come and take my hand  
I just wanna freak you  
(Girl i got what you want, now its time for you to  
climb up on top of me)  
Chorus:  
Girl i want you  
on top of me  
I got what your body needs  
(there's a vacancy in ecstasy and i'm gonna take you there)  
Girl i want you  
on top of me  
i got what your body needs Can I get a sample of you baby?  
Cause there's something i can guarantee  
That you won't be cravin' loving for a while  
Cause I'm gonna give you all of me  
I want you to bust on top of me  
I wanna feel the thrust of your loving baby  
I want you to tell me when I hit the spot  
Girl I'm tryin to make it hot  
Baby come and take my hand (grab my hand because)  
I just wanna freak you  
(Girl I got what you want now it's time for you to  
climb up on top of me) Girl I want you  
On top of me  
I got what your body needs  
(do what i came to do with you baby  
there's a vacancy in ecstasy and I'm gonna take you there)  
Girl I want you  
on top of me  
I got what your body needs  
(there's a vacancy in ecstasy) I came out to please your body  
I know I'll satisfy  
Your every need

All you have to do  
is trust me  
Girl i'll take you to ecstasy Girl i want you  
on top of me  
I got what your body needs: repeat 3 times:
