## **Blood Bank**

## **Bon Iver**

Well I met you at the blood bank We were looking at the bags Wondering if any of the colors Matched any of the names we knew on the tagsYou said "See look that's yours! Stacked on top with your brother's See how they resemble one another Even in their plastic little covers"And I said I know it well That secret that you know But don't know how to tell It fucks with your honor And it teases your head But you know that it's good girl 'Cause it's running you with redThen the snow started falling We were stuck out in your car You were rubbing both of my hands Chewing on a candy barYou said "Ain't this just like the present To be showing up like this" As a moon waned to crescent We started to kissAnd I said I know it well That secret that we know That we don't know how to tell I'm in love with your honor I'm in love with your cheeks What's that noise up the stairs babe? Is that Christmas morning creaks? And I said I know it well
