

Hottest Thing

Usher

I've been looking at you
Turnin' brothers down
Song after song
Well it's time for me to holla now
(Your body is callin', don't fight it)
Ooh I like it You're dancing alone
What's that all about?
You're so fine
But it's time for me to call you out
(Watch out, I'll straight run up on ya)
Girl I want ya
Ooh you're the
(Hottest thing)
In the
(Club tonight)
Havin'
(Visions of)
Makin'
(Love tonight)
With you
(Constantly)
To the
(Break of dawn)
We can
(Shake the spot)
If you
(Say it's on)
Ohh baby
Dancin' so close
Got me up like whoa, ha
We're doin' the most
Is livin' with you possible?
Your body is saying you want to
(Ahh) And I want you, oh baby
More than you know sugar
If only for one night
I'll make you feel
Like you've been to paradise
(It's all up to you)
Tell me somethin' baby
(Hmm ahh)
I know one thing You're the

(Hottest thing)
In the
(Club tonight)
Havin'
(Visions of)
Makin'
(Love tonight)
With you
(Constantly)
To the
(Break of dawn)
We can
(Shake the spot)
If you
(Say it's on) You're the
(Hottest thing)
In the
(Club tonight)
Having
(Visions of)
Makin'
(Love tonight)
With you
(Constantly)
To the
(Break of dawn)
We can
(Shake the spot)
If you
(Say it's on) Baby tell me
(What's on your mind?)
Do you think that I
(Being too forward)
Oh baby
(By comin' at you)
Comin' at you
This way
I can't help myself, you're You're the
