

# Honky Tonk Mood

Cody Johnson

Woman left me with the blues  
And I know just how I got 'em  
I see a fifth of Jimmy Beam  
I'm gonna drink it to the bottom  
I ain't tryna hurt nobody  
I ain't prone to give a damn  
I got me nothin' left to lose  
I'm in a honky-tonk mood I'm in a honky-tonk mood  
That's where I'll be all night  
If anybody's lookin' for me  
Look for a neon light, oh  
I'll be playin' here tonight  
And then I'll play again tomorrow  
I got a whiskey attitude  
I'm in a honky-tonk mood If I get to gettin' loud  
Don't you worry 'bout it, boys  
'Cause gettin' over this heartache  
Is gonna make a little noise  
If I start to dancin' 'round  
Don't try and pull me off the floor  
I'm just a-kickin' up my boots  
I'm in a honky-tonk mood  
I'm in a honky-tonk mood  
That's where I'll be all night  
If anybody's lookin' for me  
Look for a neon light, oh  
I'll be playin' here tonight  
And then I'll play again tomorrow  
I got a whiskey attitude  
I'm in a honky-tonk mood  
I got a whiskey attitude  
I'm in a honky-tonk mood
