Honky Tonk Mood

Cody Johnson

Woman left me with the blues And I know just how I got 'em I see a fifth of Jimmy Beam I'm gonna drink it to the bottom I ain't tryna hurt nobody I ain't prone to give a damn I got me nothin' left to lose I'm in a honky-tonk moodI'm in a honky-tonk mood That's where I'll be all night If anybody's lookin' for me Look for a neon light, oh I'll be playin' here tonight And then I'll play again tomorrow I got a whiskey attitude I'm in a honky-tonk moodIf I get to gettin' loud Don't you worry 'bout it, boys 'Cause gettin' over this heartache Is gonna make a little noise If I start to dancin' 'round Don't try and pull me off the floor I'm just a-kickin' up my boots I'm in a honky-tonk mood I'm in a honky-tonk mood That's where I'll be all night If anybody's lookin' for me Look for a neon light, oh I'll be playin' here tonight And then I'll play again tomorrow I got a whiskey attitude I'm in a honky-tonk mood I got a whiskey attitude I'm in a honky-tonk mood
