## Invisible

## **Taylor Swift**

She can't see the way your eyes light up when you smile She never notice how you stop and stare whenever she walks by And you can't see me wanting you the way you want her But you are everything to meAnd I just wanna show you She don't even know you She's never gonna love you like I want to And you just see right through me but if you only knew me We could be a beautiful, miracle, unbelievable instead of just invisible There's a fire inside of you that can't help but shine through She's never gonna see the light no matter what you do And all I think about is how to make you think of me And everything that we could beAnd I just wanna show you She don't even know you She's never gonna love you like I want to And you just see right through me but if you only knew me We could be a beautiful, miracle, unbelievable instead of just invisibleLike shadows in a faded light Oh, we're invisible I just wanna open your eyes & make you realize I just wanna show you She don't even know you Baby, let me love you, let me want youYou just see right through me but if you only knew me We could be a beautiful, miracle, unbelievable instead of just invisibleShe can't see the way your eyes light up when you smile
