

# Frame of Mine

Blake Shelton

Verse 1:

There's a picture of you on my dresser  
And it's been there since you said goodbye  
And when I look in its direction  
You're starin' my heart straight in the eye  
CHORUS:  
It just sits there smilin' at me  
Takin' me back in time  
And before I know it  
I'm all caught up in  
That old frame of mine

Verse 2:

I wish I could tear it to pieces  
And I've tried with all of my might  
But somehow I can't find the courage  
Oh, to let you out of my sight  
CHORUS:  
It just sits there smilin' at me  
Takin' me back in time  
And before I know it  
I'm all caught up in  
That old frame of mine  
Yea before I know it  
I'm all caught up in  
That old frame of mine
