

# It Will Be Me

Kristin Chenoweth

When you start falling  
who's gonna catch ya  
i'm willin to betcha  
it will be me Who's gonna love ya  
like there's no other  
search and discover  
it will be me When all the other's  
have gone and hurt you  
who won't desert you  
oh, it will be me weighin' the options  
so much to think of  
but when you think love  
oh, it will be me  
you may not see it now  
love is strange that way  
but someday some way baby, somehow...when you've been broken  
and dreams don't oblige ya  
who's there beside ya  
oh, it will be me you may not see it now  
love is strange that way  
but someday some way baby, somehow...who'll be your only  
true romancer  
you know the answer  
it will be me  
what will it take to  
bring you to your senses  
and finally convince you  
it will be me ooh ooh oooooohh ooh ooh It will be me...ah ah ahhhh haaa aahaa aahaa  
aahaahooooooo ooh oohahhh haaa aahaa aahhaa eee It will be me
