

# I Wonder Do You Think of Me

[Keith Whitley](#)

If you drive around  
Back in our old hometown  
I wonder, do you think of me? When you drive by a school  
Do you remember two fools?  
I wonder, do you think of me? And remember the park  
Where you struck the spark  
To a fire that's still burnin'  
Oh, in my heart  
That old graduation day  
You just drifted away  
I wonder, do you think of me? And remember those games  
Those cold football games  
I was your hero  
Though I seldom played Back then could you see  
What our future would be?  
I wonder, do you think of me? And the classes we missed  
Caused by a kiss  
I can tell you that I've never  
Felt like that since  
I don't know, if you would  
But I'd go back, if I could  
I wonder, do you think of me? I still love you  
Do you think of me?
