Where the Streets Have No Name

U2

I wanna run, I want to hide
I want to tear down the walls that hold me inside
I want to reach out and touch the flame
Where the streets have no nameI want to feel sunlight on my face
I see the dust-cloud disappear without a trace
I want to take shelter from the poison rain
Where the streets have no name
Where the streets have no name
Where the streets have no name

We're still building and burning down love
Burning down love
And when I go there
I go there with you

It's all I can doThe city's a flood and our love turns to rust We're beaten and blown by the wind, trampled in dust I'll show you a place high on a desert plain

Where the streets have no name Where the streets have no name

Where the streets have no nameWe're still building and burning down love

Burning down love
And when I go there
I go there with you
It's all I can do
Our love turns to rust

We're beaten and blown by the wind

See our love turn to rust

I'll be beaten and blown by the windAnd when I go there
I go there with you
It's all I can do
