

I Loves You, Porgy

Miles Davis

You and I would've shared love, so strong and so secure
But all you left the memories the feelings are no more
Like flowers in the big field, all died and blown away
The letters and the pictures are all that will remain
But every moment of every day
I wanna see you, I wanna say
No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
No one kisses you the way I do
So many years of memories
Suppressed beyond recall
The feeling was unbroken
Seem silent and so small
