

# Make the Money

## Macklemore & Ryan Lewis

Now, this is my job, I will not quit it  
Pulled me out the depths when I thought that I was finished  
Yeah I questioned if I could go the distance  
That's just the work, regardless of who's listening, listening  
Listen, see I was meant to be a warrior  
Fight something amongst me, leave here victorious  
Classroom of kids, or a venue performing  
If I'd had done for the money I'd have been a fucking lawyer  
Concrete, vagabond, van telling stories  
Humbled by the road, I'm realizing I'm not important  
See life's a beautiful struggle, I record it  
Hope it helps you maneuvering through yours and  
That's why we stay in the lab at night  
I've been staring into this pad for over half my life  
A true artist won't be satisfied  
So I guess that's the sacrifice  
And I say...  
Make the money, don't let the money make you  
Change the game, don't let the game change you  
I'll forever remain faithful  
All my people stay true  
I say...  
Make the money, don't let the money make you  
Change the game, don't let the game change you  
I'll forever remain faithful  
All my people stay true Forget about the fame, fortune and the mansion  
Sitting and tripping watching myself on a plasma  
Yeah, I start slipping when I'm thinking about that stuff  
Ego won't swole until the karma catches that up, that up  
I'm my grandma's number one grandson  
I lost myself to remember who that was  
We start thinking about some kicks, a necklace  
What I really need is a job off craig's list  
Take away the dot com, name, love  
See, you keep the issues but you take away the drugs  
And I had to find out who I really was  
Who I really wasn't  
So sick of who I was becoming  
Yeah, tired of running  
Time to look at the man in the mirror until I can learn to love him  
Make the money, don't let the money make you  
Change the game, don't let the game change you

I'll forever remain faithful  
All my people stay true  
I said...  
Make the money, don't let the money make you  
Change the game, don't let the game change you  
I'll forever remain faithful  
All my people stay true Of course I want dubs and a candy painted 'lac  
Watch the videos and get the girls in the back  
But if that's what I believe in, and the reason that I rap  
Uncle Sam is my pimp when he puts me on the track Make the money, don't let the money make  
you  
Change the game, don't let the game change you  
I'll forever remain faithful  
Stay true, stay true  
And I said...  
Make the money, don't let the money make you  
Change the game, don't let the game change you  
I'll forever remain faithful  
Stay true, stay true, stay true Forget about the fame  
I said forget about the fame  
I'll forever remain faithful  
Stay true, stay true, stay true
