

# Let's Get Lifted

John Legend

Come on and go with me  
There's something new for you to see  
Come on and go with me  
There's something new for you to see  
just relax, just relax...(o-o-hoo, uo-hoo)I got something new for you  
when it hits you wont know what to do  
Relax, let me move u  
dont resist its in the air  
just one taste will take u there  
let it flow right through you  
I know ur getting tired of the same ole thing  
Imma break the rules gonna change the game  
You'll be screaming my name  
and imma take u places u never seen  
u couldnt picture this in your wildest dreams  
Don't fear, you're here with me  
Let's get Lifted  
(lifted)  
ooh I'm get you high  
im really gonna blow your mind  
We'll get Lifted (lifted)  
Ur gonna feel it in your soul  
and baby you will lose control  
we'll get lifted (high)  
ohhh ohhhhOnce u take a hit of this  
you wont ever wanna quit  
you'll be so addicted  
said I'll have you spinning round and round  
crazy, making freaky sounds  
you won't want to come down  
And I'll have you seeing things and hallucinating  
even walking funny cuz your legs are shaking  
All night we'll be blazin'  
I'll take you for a walk to the other side  
we can get high and enjoy the ride  
Hold tight we'll be alrightWe'll get Lifted  
(lifted)  
ooh imma get you high  
I'm really gonna blow your mind  
We'll get Lifted  
Ur gonna feel it in your soul  
and baby you will lose control

We'll get lifted (high)  
ohhh ohhhh So come and go  
(so much I wanna show you I'll take u there)  
Yeah, I'll take you there  
come on lemme take you there  
said I will show you  
(so much I wanna show you I'll take you high)  
There's so much I wanna show ya  
I'll take you high ...
